

MOTION BY SUPERVISOR DON KNABE

January 18, 2005

It is imperative that every county building has adequate and updated emergency response plans that allow for the most efficient movement of emergency safety personnel throughout the building. Further, all county staff in each building should be trained on the plan for their own safety as well as in order to direct safety personnel whom may not be wholly familiar with the intricacies of a particular building. It is also of the utmost importance that each plan contains backup access paths throughout the building in order to address cases where infrastructure maintenance issues may present a problem to safety personnel.

I, THEREFORE, MOVE that this Board direct the Chief Administrative Office, Sheriff, Internal Services Department, and the Superior Court to conduct a full investigation into the circumstances surrounding the problems that the Long Beach Fire Department encountered in accessing, in the most efficient manner possible, a
